

# Operating Tips

The MK-7

“ Precision Cutting... the EZ way ”

Load carpet roll to the Gold Stripe. Left roller in FWD. Advance the carpet.

Advance carpet to the cutting track. Lower the top pressure wheel. Advance carpet just past middle of right cradle.

Insert core (optional). Close the arm to begin.

Apply pressure to arm until roll forms.

Open arm as roll grows larger.

Pull and tap to control while rolling.  
Keep roll tight.

Use foot switch tape. (only on some models)

---

Remove any slack and buckles first.  
Left roller REV. Right roller OFF.  
Tap jog till smooth then cut.

Tuck stretch film into carpet.

With right roller in FWD, step on  
tape to begin. Walk with film while  
stepping on tape to complete. **EZ tip**  
- Small rolls may require that you  
close the arm to prevent the roll  
from popping out.

Complete wrapping.

Pull up the release lever and gently  
guide the arm down. Push the roll  
off. **EZ tip** - Put the right roller in  
FWD, then step on tape as you  
push for power assist!
